Commissioner Lozano asked staff to clarify the current time limit for residents that is being removed. Associate Planner, Cecily Session-Goins responded that the existing six-month

RECOMMENDATION:

Based on the information contained in the staff report and subject to the attached Findings and Conditions of Approval, staff recommends that the Planning Commission adopt Resolution No. PC 2025-048; and,

- 1. Determine that the proposed ordinance is categorically exempt from the California Environmental Quality Act ("CEQA") pursuant to CEQA Guidelines Sections 15060(c), 15378, and 15061(B)(3) (the common-sense exemption), and Sections No. 3.01, 3.22, and 10.59 of the 2019 Local Guidelines for Implementing CEQA, in that the ordinance is covered by the rule that CEQA applies only to projects which have the potential for causing a significant effect on the environment, and also by the common sense exemption which provides that, where it can be determined with certainty that there is no possibility that the activity in question may have a significant effect on the environment, the activity is not subject to CEQA; and,**
- 2. Approve a resolution recommending that the City Council adopt an Ordinance for Municipal Code Amendment (MCA) No 25-0010 to amend Chapter 30 of the Municipal Code.**

PH-B Master Case No. 22-000124-R1; Design Review (DRP) No. 22-00057-R1 - A request for revisions to a previously approved design review (DR No. 22-00057). The revisions include modifications to the elevations, increase in the number and size of the 2-bedroom units, reduction in the number of 1-bedroom units, reduction in the square footage of the recreational room and landscaping area, and increase in the size of the carport, porte cochere, and trellis areas, for a previously approved 66-unit senior apartment complex within two (2) buildings, and associated site

improvements, on approximately 2.0 acres, pursuant to a Categorical Exemption in accordance with CEQA Guidelines Section 15332.

Vice Chair Quintana opened the Public Hearing.

No written correspondence was received.

Salvador Quintanilla, Senior Planner, presented the staff report.

Commissioner Lozano asked for clarification regarding the parking increase from 37 to 38 spaces. Staff explained that the total number of parking spaces did not change; rather, the number of covered carport spaces increased by one to meet requirements after two additional bedrooms were added, which triggered the need for an additional covered space.

The applicant, David Spiegel, stated that he read and agreed to the Conditions of Approval and explained that the approved 84-unit project was modified to adjust the mix of one- and two-bedroom units and relocate the elevator, resulting in less than a 2% change to the overall building size. He noted that the adjustments amount to roughly 300 square feet per building on the first floor, with a total change of approximately 2,700 square feet including covered parking. The applicant stated the revisions improve building efficiency and respond to a higher community need for two-bedroom units.

No individual spoke in favor or in opposition.

The Public Hearing was closed.

RECOMMENDATION:
