B. **Environmental Review Finding:**

This project qualifies for a Categorical Exemption pursuant to Section No. 15301 (Class No. 1, Existing Facilities) of the California Environmental Quality Act (CEQA),

and Section No. 3.22 Existing Facilities of the Local 2019 Guidelines for Implementing the California Environmental Quality Act.

C. Background:

- 1) On June 23, 1952, the City annexed the site from the San Bernardino County.
- 2) On November 27, 1995, the Planning Commission approved a Conditional Use Permit for a change of ownership for an off-site Alcoholic Beverage Control (ABC) Type 20 (Off-sale, Beer and Wine) license.
- 3) On July 26, 1996, the Planning Commission approved a Conditional Use Permit for a transfer of an off-site Alcoholic Beverage Control (ABC) Type 20 (Off-sale, Beer and Wine) license under a change of ownership.
- 4) On November 9, 2007, the Director of Community Development approved a Minor Use Permit (MUP) No. 07-013 for an off-site Alcoholic Beverage Control (ABC) Type 21 (Off-sale General) transfer of license under a change of ownership.
- 5) On November 21, 2019, the previous owner surrendered its Alcoholic Beverage Control (ABC) license to the California Department of Alcoholic Beverage Control.

II. PROJECT DESCRIPTION:

- A. Type of License: Type 21 (Off-sale General) license authorizes the sale of beer, wine, and distilled spirits for consumption off the licensed premises.
- B. Census Tract No.: The site is located within Census Tract No. 28.03 in the City of Fontana. A map identifying the census tract boundaries is attached (Attachment No. 3).
- C. Concentration: According to ABC, two (2) off-sale licenses are allowed within Census Tract No. 28.03 before being considered over-concentrated. Currently, there are three (3) licenses operating within Census Tract No. 28.03. To approve this ABC license request, the Planning Commission is required to make a Finding of Public Convenience and Necessity.
- D. Building Analysis: The existing convenience store is approximately 2,600 square feet within a parcel that is approximately 0.7 adjusted gross acres.

III. ANALYSIS:

The applicant, Mr. Gurvinder Signh, is requesting that the Planning Commission review and approve Conditional Use Permit (CUP) No. 95-019R3 for an existing convenience store to operate with a new California Department of Alcoholic Beverage Control (ABC)

Type 21 (Off-Sale General) license.

The convenience store is located within Census Tract 28.03. ABC has determined that two (2) Off-sale licenses can operate within this tract before being categorized as over-concentrated. Currently, there are three (3) active licenses in Census Tract 28.03 and the request from the applicant will bring a total of four (4) ABC licenses within Census Tract 28.03. The Planning Commission is required to make a finding of Public Convenience and Necessity in order to approve this ABC License.

The applicant is requesting that the new hours of operation for the convenience store operate twenty-four (24) hours, seven (7) days a week. The project site is located within an existing multi-tenant commercial center which includes a donut shop, barbershop, tattoo shop, and a health center.

Surrendered ABC License:

The previous owner surrendered its ABC license. However, according to the California Department of Alcoholic Beverage Control, the previous owner has not yet transferred its license elsewhere. Based on the California Department of Alcoholic Beverage Control's recommendation, the new owner is required to apply for a new ABC license Type 21 (Off-sale general) on the subject site, which would then categorize it as over-concentrated within the census tract.

California Department of Alcoholic Beverage Control is requiring a finding for a Public Convenience and Necessity (PCN) due to the over concentration as a result of the new Alcoholic Beverage Control license application. Staff has determined that the appropriate course of action is to proceed with an amendment to the original Conditional Use Permit (CUP) No. 95-019 to allow for an update of the previous conditions of approval so that the Conditions are up-to-date and include a public convenience and necessity finding.

Finding of Public Convenience or Necessity (PCN):

Staff believes that a finding of public convenience or necessity can be made with the included conditions, as the proposed use is consistent with the requirements of the City's Zoning and Development Code, specifically Form Based Code (FBC). The convenience store is located within Census Tract 28.03.

Currently, there are three off-sale licenses operating within this census tract, including Simers Market, Arrow Mini Mart, and Alphine Liquor and Market. See Attachment No. 4 for locations of the existing licenses. Two of the three establishments are approved to operate with an ABC Type 21 (Off-sale General) license.

Census Tract No. 28.03 is a centrally located tract, bounded by Foothill Boulevard to the north, Arrow Boulevard to the south, Citrus Avenue to the west, and Juniper Avenue to the east. This application would be considered a "public benefit" and therefore meet the definition of "Public Convenience or Necessity" based on the following findings. The finding of "Public Convenience or Necessity" can be met as consumers would find it convenient to purchase beer, wine, and distilled spirits at a local convenience store as opposed to a large supermarket. The sale of alcohol is important for small convenient

stores as it allows them to maintain a small footing to compete against larger regional chains. The existing convenience store is an established use that previously sold beer, wine, and distilled spirits under the previous owner.

The character of the surrounding uses is a mix of commercial uses that include a twenty-four (24) hour Arco gas station, a twenty-four (24) hour Walgreens, Chase Bank, and large-scale Markets like Cardenas and Superior Grocers. A significant percentage of the general population chooses to enjoy the expediency of a convenience store for purchasing alcohol and other specialty items typically found at a convenience store. The multi-tenant commercial center is well established with other retailers. Consumers who already frequent the commercial center for other services with find convenient to purchase beer, wine, and distilled spirits from an establishment on the same property.

The Police Department has reviewed the application and is recommending approval subject to the conditions of approval. The new application for an ABC Type 21 license will have little or no effect on the operation of the business, as this subject site has been operating with an ABC license that was grandfathered in since 1988.

IV. RECOMMENDATION:

Based on the information in this staff report, and providing the Planning Commission makes the required findings, staff recommends that the Planning Commission adopt Resolution PC No. 2020_____; and,

1. Determine that the project is Categorically Exempt pursuant to Section No. 15301 (Class No. 1, Existing Facilities), and Section No. 3.22 of the Local 2018 Guidelines for Implementing the CEQA, and direct staff to file a Notice of Exemption; and,
2. Approve Conditional Use Permit No. 95-019R3 subject to the attached Findings and Conditions of Approval.

NOW, THEREFORE, the Commission RESOLVES as follows:

Section 1. The City of Fontana Planning Commission hereby makes the following findings for CUP No. 95-019R3 in accordance with Section 30-160 "Findings for the approval of Conditional Use Permits" of the Fontana Zoning and Development Code:

Finding No. 1: **That proposed use is allowed within the applicable zoning district and complies with all other applicable provisions of the Zoning and Development Code, Municipal Code, General Plan, any applicable Specific Plan or Area Plan, and City Regulations/standards.**

Finding of Fact: The request is to amend a previously approved Conditional Use Permit (CUP) No. 95-019R3 to allow an existing convenience store to operate with a new Alcohol Beverage Control (ABC) License Type 21 (Off-Sale General) License.

The convenience store is located at 16119 Foothill Boulevard within the Route 66 Gateway District of the Form Based Code (FBC). The General Plan land use designation for the site is Walkable Mixed Use (WMXU-1). The zoning district and General Plan land use designation both allow for the sale of alcoholic beverages with the approval of a Conditional Use Permit. The subject site location currently has an approved Conditional Use Permit running with the land. The zoning designation and General Plan land use designation would allow for the amendment of the ABC license to allow the convenience store to operate with a Type 21 (Off-Sale General) ABC License. The proposal will comply with all applicable provisions of the Zoning and Development Code, Municipal Code, and General Plan.

Finding No. 2: **The site is physically suited for the type, density, and intensity of the proposed use including access, utilities, and the absence of physical constraints and can be conditioned to meet all related performance criteria and development standards.**

Finding of Fact: The establishment is an existing and approved multi-tenant commercial building that meets the City’s performance criteria and development standards. The site is physically suited for the type of use that is existing currently. The establishment is in an area that has a variety of commercial and retail uses. The site is presently not operating with a Type 21 (On-Sale Beer and Wine) ABC License; however the establishment did have an approved Type 21 ABC License in 2019. Amending Conditional Use Permit No. 95-091R3 will not result in any physical constraints.

Finding No. 3: **Granting the permit would not be detrimental to the public interest, health, safety, convenience, welfare, or materially injurious to persons, property, or improvements in the vicinity in which the project is located.**

Finding of Fact: The proposed entitlement has been reviewed by all applicable State, City and County agencies to ensure that it meets all applicable standards. The project has been reviewed and potential adverse effects to health, safety, and general welfare have been mitigated through the conditions of approval as referenced herein regarding the operation of the proposed ABC license amendment. This project qualifies for a categorical exemption pursuant to Section No. 15301 (Class No. 1, Existing Facilities) of the California Environmental Quality Act (CEQA), and Section No. 3.22 Existing Facilities of the 2019 Local Guidelines for Implementing the California Environmental Quality Act.

Finding No. 4: **That the proposed use will meet the finding of “Public Convenience or Necessity”.**

Finding of Fact: The convenience store is located within Census Tract 28.03. Currently, there are three off-sale licenses operating within this census tract, including Simers Market, Arrow Mini Mart, and Alphine Liquor and Market. Two of the three establishments are approved to operate with an ABC Type 21 (Off-sale General) license.

Census Tract No. 28.03 is a centrally located tract, stretching from Foothill Boulevard south to Arrow Boulevard and from Citrus Avenue to Juniper Avenue. This application would be considered a “public benefit” and therefore meet the definition of “Public Convenience or Necessity” based on the following findings. The finding of “Public Convenience or Necessity” can be met as consumers would find it convenient to purchase beer, wine, and distilled spirits at a local convenience store as opposed to a large supermarket. The sale of alcohol is important for small convenient stores as it allows them to maintain a small footing to compete against larger regional chains.

The character of the surrounding uses is a mix of commercial uses that include a twenty-four (24) hour Arco gas station, a twenty-four (24) hour Walgreens, Chase Bank, and large-scale Markets like Cardenas and Superior Grocers. A significant percentage of the general population chooses to enjoy the expediency of a convenience store for purchasing alcohol and other specialty items typically found at a convenience store. The multi-tenant commercial center is well established with other retailers. Consumers who already frequent the commercial center for other services with find convenient to purchase beer, wine, and distilled spirits from an establishment on the same property. The site has been in business since 1988 and has been an established use where alcohol has been purchased.

Section 2. Based on the foregoing, the City of Fontana Planning Commission determines that this project is Categorically Exempt pursuant to Section No. 15301, Class No. 1 (Existing Facilities) of the California Environmental Quality Act (CEQA) and Section No. 3.22 of the 2019 Local Guidelines for Implementing CEQA.

Section 3. Based on the foregoing, the City of Fontana Planning Commission hereby approves the findings of Public Convenience and Necessity as indicated in this Resolution and approves Conditional Use Permit (CUP) 95-019R3 for an Alcoholic Beverage Control (ABC) Type 21 (Off-sale General) License at 16119 Foothill Boulevard (APN: 0191-011-06).

Section 4. Resolution Regarding Custodian of Record: The documents and materials that constitute the record of proceedings on which this Resolution has been based are located at the Community Development Department – Planning Division, 8353 Sierra Avenue, Fontana, CA 92335. This information is provided in compliance with Public Resources Code Section No. 21081.6.

Section 5. The Secretary of the Planning Commission shall certify to the adoption of this Resolution.

APPROVED, AND ADOPTED by the Planning Commission of the City of Fontana, California, at a regular meeting held on this 21st day of April 2020.
