A request for the site and architectural review of a medical center consisting of two four-story buildings to be used for medical services and associated on-site and off-site improvements.

**Environmental
Determination:**

Pursuant to the Initial Study (IS) prepared for the West Gate Specific Plan, a Final EIR (SCH No. 1995052002) was prepared for the project and was certified by the City Council on March 2, 2017. Based on CEQA Guidelines, Sections 15162 through 15164 et seq, and Section 8.10 of the City of Fontana's 2019 local CEQA Guidelines, staff has determined that the previously certified Final EIR has adequately identified the impacts associated with Design Review No. 23-0025. Therefore, a subsequent mitigated negative declaration is not required, and a Notice of Determination has been prepared.
