- FUTURE MASTER PLAN SEWERS
- FUTURE MASTER PLAN FLOW DIRECTION
- ★ FUTURE WASTEWATER TREATMENT PLANT
- DIVERSION MANHOLE
- FLOW AREA LIMITS LINE
- PIPE NODE NUMBERS
- CORRESPONDING ANALYSIS WORKSHEET
- SERVICE AREAS
- 27 SECTION LINES AND NUMBERS

Scale  
1 inch = 2000 feet

0 2000 4000 feet

**GENERAL NOTES:**

THIS MAP IS FOR DIAGRAMMATIC PURPOSES ONLY.

THE BOUNDARIES ON THIS MAP REPRESENT ONE CONSULTANT'S OPINION OF FLOW AREA BOUNDARIES FOR THE PURPOSES OF ESTIMATING DOWNSTREAM SEWER CAPACITY NEEDS USING LAND USE PROJECTIONS FROM 1997. INCLUSION OF AREAS WITHIN A DRAINAGE AREA DOES NOT CONSTITUTE A WARRANTY THAT CAPACITY WILL BE AVAILABLE DOWNSTREAM OR THAT ALL OF THE COLORED AREA WAS DEEMED AS DEVELOPABLE IN 1997.
