

# Constitutional Spending Limit

The voters of California, during a special election in 1979, approved Article XIII(B) of the California State Constitution which provides that the City's annual appropriations be subject to certain state limitations. This appropriations limit is often referred to as the GANN Limit.

In 1980 the State Legislature added Section 9710 to the Government Code providing that the governing body of each local jurisdiction must establish, by resolution, an appropriations limit for the following year. The appropriations limit for any fiscal year is equal to the previous year's limit adjusted for population changes and the changes in the US Consumer Price Index (or California per capital personal income, if smaller). The necessary statistical information is provided each year by the California Department of Finance.

The City's limitation is calculated each year and established by a resolution of the City Council as part of the annual Operating Budget process.

Using the population and per capita personal income data provided by the California Department of Finance, the City's appropriation limit for Fiscal Year 2022-23 is \$337,778,231. Appropriations subject to the limitation in the 2022-23 Operating Budget total \$120,279,920, which is \$217,498,311 or 64% less than the computed allowable limit.

The Article XIII(B) limitation is not a restricting factor for the City of Fontana, but will be monitored annually and budget adjustments recommended if they are required in future years.
