- The costs of construction of Fire Station No. 81 consisting of approximately 13,247 square feet to be located at the corner of Sierra Avenue and Casa Grande in the northern end of the City. Fire Station No. 81 will be constructed to meet a goal of providing less than five-minute response time 90% of the time by the Fire Protection District. Construction is anticipated to begin in January 2022 and be completed in December 2022. The total construction costs are estimated at approximately \$12 million.
- The costs of construction of the Fire Protection District Training Facility consisting of 3,500 square feet including a 50-seat training classroom, a training tower, office space and storage, to be located on the site of future Fire Station No. 80 on Cherry Avenue between State Route 210 and South Highland Avenue in the northwest end of the City. Construction is anticipated to begin in April 2022 and be completed in March 2023. The total construction costs are estimated at \$10 million.
- The refinancing of the Fontana Public Financing Authority 2010 Lease Revenue Bonds (Fire
